

ImPACT Testing

This must be done prior to the first game of the season. This is a test that can be done at any computer at home that has the capability of printing out the completion page.

What is ImPACT Testing?

- ImPACT Testing is a concussion test that is completely computerized. It is an advanced technology that gives the capability of determining a concussion and can see the progression of the healing process

Why do students have to take it when they do not have a concussion now?

- By taking ImPACT testing now, it gives a concussion doctor a baseline of how the brain functions in a normal state. When a student has symptoms of a concussion and take this test during that time, the results can be compared to those that are normal to see the extent of the concussion.

How can the test be taken?

- Go to our Athletic Website (www.fcsathletics.com) and click on ImPACT Testing
- Go to the bottom of the page and click on the link that takes you to the ImPACT Testing Website.
